

## 外國最近刊行誌參考記事目次

### The Journal of the Iron and Steel Institute. 1945. No. II. Vol. CLII

"The Control of Tropenas-Converter Blowing by a Direct-Vision Spectroscope." By S. T. Jazwinski.....	9 p
"Note on Oxide Systems Pertaining to Steel-Making Furnace Slags." By A. H. Jay and K. W. Andrews .....	15 p
"Mineralogical Observations on Some Basic Open-Hearth Slags." By S. O. Agrell .....	19 p
"Mould and Core Paints and Washes, and Parting Powders." By W. J. Rees. (Paper No. 14/1945 of the Steel Castings Research Committee (submitted by the Moulding Materials Sub-Committee)).....	57 p
"The Hot-Strength Characteristics of Moulding Sands." By W. Davies and W. J. Rees. (Paper No. 15/1945 of the Steel Castings Research Committee (submitted by the Moulding Materials Sub-Committee)).....	61 p
"British Resources of Steel Moulding Sands.—Parts 6 to 10." By W. Davies and W. J. Rees. (Paper No. 16/1945 of the Steel Castings Research Committee (submitted by the Moulding Materials Sub-Committee)) .....	71 p
"British Bonding Clays." By W. Davies and W. J. Rees (Paper No. 17/1946 of the Steel Castings Research Committee (submitted by the Moulding Materials Sub-Committee)).....	117 p
"A Preliminary Investigation of the Constitution of Mild-Steel Arc-Weld Deposits." By H. A. Sloman, T. E. Rooney and T. H. Schofield .....	127 p
"The Tinning of Cast Iron." By R. A. Cresswell .....	157 p
"The Design and Performance of Some Commercial Optical Pyrometers of the Disappearing-Filament Type." By C. R. Barber. (Paper No. 18/1946 of the Steel Castings Research Committee (submitted by the Foundry Steel Temperature Sub-Committee)) .....	171 p
"Local Heating in Plain Carbon Steels." By W. J. Wrazej .....	189 p
"The Substitution of Blackplate for Tinplate in Cans for Fruit and Vegetables." By W. B. Adam and D. Dickinson.....	195 p
"Tessellated Stresses.—Part IV." By F. László .....	207 p

### Stahl und Eisen. Heft 1/2 1. Januar 1948 68. Jahrgang

Seite

Beziehungen zwischen der spezifischen Leistung von Hochöfen und ihrem Koksverbrauch. Von Fritz Wesemann .....	1
Herstellung von Ferrolegierungen im Elektroofen und Folgerungen für den Stahlwerker. Von Harro Werwach .....	8
Die europäische Eisenwirtschaft im Zeichen des Marshall-Planes. Von Dr. Wilhelm Salewski .....	15

### Stahl und Eisen. Heft 3/4 29. Januar 1948 68. Jahrgang

Anreicherung von Minette. Von Walter Luyken .....	35
Erzeugung von Ferromangan aus inderwertigen Erzen. Von Hans Reinfeld.....	39
Prüfung von Platinen für Tiefziehbleche nach dem Verwindeversuch. Von Frith Eisenkolb... ..	43
Erfahrungen beim Ziehen von dünnen Stahldrähten mit hoher Ziehgeschwindigkeit. Von Clemens Eisenhuth .....	46
