## Contents

### Foreword

Memories of Summer time in my life ..... *Rūgi* TAWARA...871

### Technical Papers

On the Rate of Decarburization of Molten Iron with  
H<sub>2</sub>O-Ar Atmosphere.  
(Studies on the kinetics of gas-molten iron reactions—II)  
..... *K. ITO* and *K. SANO*...873

On Hydrogen Equilibria in the System Water Vapour-Molten  
Slag-Molten Iron ..... *M. IMAI*, *H. OOI*. and *T. EMI*...878

Consideration of the Equilibrium between Silicon and  
Oxygen in the Liquid 18-8 Stainless Steel.  
..... *Y. KOJIMA* and *K. SANO*...888

Influence of the Ingot-Making Condition on Segregation of S and  
Mechanism of High Segregation in Rimmed Steel Slab Ingot.  
(Study on segregation in large rimmed steel slab ingots—I)  
..... *K. MORINAGA*, *K. KITAGAWA*, *S. SATŌ*, *S. IZUMI* and *A. HOSINO*...894

Nonmetallic Inclusion in Fe-Mn-O System and Fe-Cr-O System.  
..... *K. SEGAWA*, *S. WATANABE*, *T. FUKUYAMA* and *H. HARAGUCHI*...904

Behavior of Niobium Carbides and Nitrides in Steel.  
(Fundamental study on niobium-added steel—I)  
..... *T. MORI*, *K. FUJITA*, *M. TOKIZANE* and *K. YAMAGUCHI*...911

Effects of Ti and Nb Additions on Structures and Properties  
of Cr-Ni Stainless Steels. .... *Y. OTOGURO*, *Y. KAWABE* and *R. NAKAGAWA*...918

On the Condensed Film on the Inner Wall of the Apparatus  
for Vacuum Fusion Gas Analysis.  
(Studies on the analysis of gases in steels by the vacuum fusion method—I)  
..... *T. KOIZUMI*, *F. TSUGANE* and *M. KAMAKURA*...925

### Special Lecture

On the Technical Development of Pelletizing and the Utilization  
of Pellet for Blast Furnace Practice. .... *Yasubumi DOI*...934

### Report of Joint Research Society, The Iron and Steel Institute of Japan

Development of Ingot Mold in Recent Years. .... *Eiro IWAMURA*...943

The Development of the Heat Economy in Iron and Steel  
Industry Last 10 Years.  
..... *Ichiro FUJIMOTO* and *Kazuhiko KUWAHATA*...962
