

“Tetsu-to-Hagané”

Vol. 53, No. 12, Oct., 1967

Contents

Foreword

To the People Taking Part in Japan Iron and Steel Industry..... *Hiroshi* YOSHIDA...1379

Special Lecture

Thermodynamics of Liquid Iron Solutions *L. S. DARKEN*...1381

Technical Papers

On the Rate of Absorption of Nitrogen in Liquid Iron and Iron Alloys,
Containing Carbon, Silicon, Manganese and Chromium
..... *T. CHOH* and *M. INOUE*...1393

Several Phenomena Taking Place in Remaining Molten Steel in
Large Killed Steel Ingots during Solidification Process
..... *Y. NAKAGAWA* and *A. MOMOSE*...1406

Technical Review

Theory of Solidification and Segregation.....*Kichizo NIWA*...1425

Lecture Section

Dislocation Theory of Strength of Iron and Steel*Hideji SUZUKI*...1442

Abstracts.....1459, Patent Section.....1464, Notices to Members.....N127,
Proceedings of Institute.....N140

Overseas membership: Annual charges: \$ 10.00 (incl. postage) Entry fee: \$ 1.00
