**Are you considering publication of a paper ?**

The Transactions of the Iron and Steel Institute of Japan — Trans. ISIJ — will satisfy your intention of publication most effectively and efficiently. The journal, as the necessary companion to Tetsu-to-Hagané, is now marked to be one of the world's leading and respected periodicals.

If you believe to have an original material of importance and interest and seek the best chance for successful presentation, the best choice will be the submission of your paper to Trans. ISIJ.

**Trans. ISIJ** will assure the world-wide **publicity** your work deserves, because the journal enjoys a large international readership with a distribution of over 2,000 copies throughout the world.

**Trans. ISIJ** will spare the reasonable **space** your presentation requires, because the journal allows the length of a paper as much as 10 printed pages for Research Articles and Technical Reports; the maximum length is equivalent to a manuscript of 28 double-spaced typewritten pages besides 12 normal-sized figures.

**Trans. ISIJ** will care for the utmost **rapidity** your publication demands, because the journal publishes a carefully prepared manuscript within a half year of submission.

**Trans. ISIJ** will restore the attractive **quality** your illustration describes, because the journal reproduces figures with a minimum reduction on the high quality A4-size papers.

**Trans. ISIJ** offers a world forum, **Research Note**, to present a material insufficiently detailed but sufficiently important to merit prompt preliminary publication in condensed form. Particular attention will be given to junior researchers and graduate students submitting papers in this category.

**Trans. ISIJ** pursues a policy of making **no page charges** and presents 20 copies of courtesy reprints upon publication.

If you are interested in submitting a paper and would like to receive more information, the editorial section is glad to help you on any point of difficulty.
