

Special Issue on “Metal Finishing”

Contents

Contributing to the Special Issue on “Metal Finishing” [Foreword].....	Y. HISAMATSU... 889
Recent Development of Surface Finishing Technology [Commentary].....	K. MATSUZUKA... 891
Influence of Surface Treatment on Performance of Solid Film Lubricants [Commentary] .....	Y. NAGAE and M. KAWAMURA... 899
Precision Mirror Finish of Steel Materials with Electrochemical Abrasive Polishing [Commentary] .....	K. SEIMIYA... 904
<b>Electro Plating</b>	
Functional Metal Plating [Commentary] .....	T. HAYASHI... 911
Mechanism of Abnormal Type Alloy Deposition [Commentary] .....	T. AKIYAMA, H. FUKUSHIMA and K. HIGASHI... 918
Approach to the Development of Corrosion Resistance of Fe-Zn Alloy Coating from Corrosion Science [Technical Paper].....	I. SUZUKI, M. ENJUZI and H. ASAI... 924
Mass Balance in Diaphragm-type Electroplating Process with Anion Exchange Membrane [Technical Paper] .....	N. SUZUKI, A. SHIBUYA, T. TSUDA, R. IZUO and Y. TERADA... 932
Effects of the Proximate Electrolysis and Gas Bubbles on Voltage Balance of an Electrolytic Cell [Technical Paper] .....	K. SAKAI and R. YOSHIHARA... 940
Hydrodynamic Analysis of a Continuous Vertical Electro Plating Cell [Technical Paper] .....	T. TSUDA, A. SHIBUYA, M. NISHIHARA, K. YAMADA, M. KATOH and K. YANAGI... 946
Structures of Electrodeposited Fe-Zn Alloys [Technical Paper] .....	Y. SHIMA, M. TERASAKA, K. NAKAOKA, T. HARA and T. HONMA... 954
Phase Transition of Electrodeposited Fe-Zn Alloy Film by Heating [Technical Paper] .....	M. KIMOTO, S. WAKANO and A. SHIBUYA... 961
Corrosion Resistance and Paintability of Zn-Mn Alloy Plated Steel Sheets [Technical Paper] .....	T. URAKAWA, M. SAGIYAMA, T. ADANIYA and T. HARA... 968
Effects of Fe-P Upper Layer Coating Weight on Paintability and Corrosion Resistance of Double Layer Alloy Coated Steel Sheets [Technical Paper] .....	T. HONJO, K. KYONO, K. YAMATO, T. ICHIDA and T. IRIE... 976
<b>Hot Dipping</b>	
The Improvements of Smelting and Refining Technologies for Zinc [Commentary] .....	U. ITO... 985
The Effects of Microstructure and Chemical Compositions of Steels on the Reaction between Iron and Zinc [Technical Paper] .....	A. NISHIMOTO, J. INAGAKI and K. NAKAOKA... 989
The Relation between the Powdering and the Microstructure of the Coating of Galvannealed Steel Sheets [Technical Paper] .....	Y. TOKUNAGA, M. YAMADA and T. HADA... 997
Influence of Microstructure on Corrosion Resistance in Zn-Al Alloy Coating [Technical Paper] .....	T. KIYASU, A. YASUDA, S. KOBAYASHI, T. ICHIDA and H. KUBO... 1005
Black Patina Developed on Zn-Al Alloy Coated Steel Sheet [Technical Paper] .....	Y. UCHIDA, M. KODA, Y. FUKUI and Y. HIROSE... 1013

Development of High Temperature Resistant Hot-dipped Aluminum Coated Steel Sheets [Technical Report] .....	T. YAMADA and H. KAWASE...1021
Effect of Steel Composition on Heat Resistance and High Temperature Strength of Hot Dip Aluminized Steel Sheet [Technical Report] .....	S. HIGUCHI, K. ASAKAWA, T. OHMORI, M. HUIJINAGA, H. YAMAMOTO and A. MARUTA...1029
<b>Organic Coating</b>	
Organic-silicate Composite Coated Ni-Zn Plated Steel Sheet with High Corrosion Resistance for Automobile Bodies [Technical Report] .....	M. YAMASHITA, A. ENATSU, T. ADANIYA and T. HARA...1038
Effect of Paint Film Factors on Press Forming of Zinc-rich Primer Painted Steel Sheet [Technical Report] .....	S. MATSUO, T. SHIOTA, M. NISHIHARA, Y. HAYASHI and T. SAKANE...1044
Effect of Paint Film Properties on the Corrosion Behavior of Pre-coated Stainless Steels [Technical Report] .....	H. FUKUMOTO, T. TAOMOTO, R. KATO and T. MAEKITA...1051
<b>Vapor Deposition</b>	
The Present Situation and Perspectives of PVD and Its Related Techniques [Commentary] .....	K. AKASHI...1060
Development of Continuous Zinc Vapor Deposition Process on Steel Strips [Technical Report] .....	M. MAEDA, T. ITO, S. UMEDA, A. MORITA, N. TSUKIJI, T. AIKO, T. KITAKA, K. HASHIMOTO, H. FURUKAWA and K. YANAGI...1070
<b>Steel Sheet for Automobile</b>	
Precoated Steel Sheets for Automotive Use [Commentary] .....	M. KITAYAMA...1078
Correlation between the Anti-cratering of Surface-treated Steels and the Change of Electric Currents during the Electrodeposition Coating [Technical Paper] .....	N. SATOH and S. TANAKA...1084
Corrosion Behaviour of Cold Rolled and Zinc Alloy Plated Steel Sheets in Various Kinds of Corrosion Tests [Technical Paper] .....	K. MIKI, K. SHIMOGORI, H. SATOH, K. IKEDA, S. NOMURA and M. TERADA...1090
Analysis of Perforation Corrosion of Cold Rolled and Galvanized Steel Sheets by Extreme-value Statistics [Technical Paper].....	H. SATOH, K. SHIMOGORI, H. NISHIMOTO, K. MIKI, K. IKEDA, M. IWAI, H. SAKAI and S. NOMURA...1098
Effect of Coating Weight on Cosmetic Corrosion Performance of Zn and Zn-alloy Electroplated Steel Sheets in Automotive Body [Technical Paper] .....	A. SAKODA, S. WAKANO and M. NISHIHARA...1106
A Study on Cosmetic and Perforation Corrosion Test Environments for Automotive Steel Sheets [Technical Paper].....	S. KUROKAWA, T. BAN, K. YAMATO and T. ICHIDA...1111
The Wet Adhesion of the Paint Film on Zn-Fe Electroplated Steel Sheet [Technical Paper] .....	K. NISHIMURA, Y. ITO, Y. MIYOSHI and T. HADA...1119
A Behavior of the Crystal Water of Zinc Phosphate and Its Relationship to Wet Adhesion of Paint on Electro-galvanized Steel [Technical Paper] .....	K. YOSHIOKA, Y. YOSHIDA and T. WATANABE...1125
<b>Steel Sheet for Can</b>	
Surface Treated Steel Sheet for Containers [Commentary].....	T. INUI and T. FUJIMOTO...1135

Influence of Micro-structure of Passivation Film of Tinplate on Prevention of Tin Oxide Growth [Technical Paper] .....	<i>M. Horiguchi, W. Kurokawa and H. Matsubayashi</i> ...	1142
Effect of Surface Characteristics and Welding Method on Weldability of Can Materials [Technical Report] .....	<i>A. Miyachi, K. Yasunaka, T. Fujimura and N. Shimizu</i> ...	1149
Coverage and Microstructure of Fe-Sn Alloy Layer on Tinplate Formed at High Temperature Region [Technical Paper].....	<i>Y. Yomura, H. Kagechika and T. Hara</i> ...	1157
Effect of Nickel Diffusion Layer on Weldability and Corrosion Resistance of Lightly Tin-coated Steel [Technical Paper] .....	<i>H. Nakakouji, H. Ogata, K. Mochizuki, T. Ichida and T. Irie</i> ...	1165
Behavior of Tin Electro-deposition and Spontaneous Tin Alloy Formation on Nickel Flash-coated Steel Surface [Technical Paper] .....	<i>T. Saito, K. Ezure, T. Hayashi and S. Sakata</i> ...	1173
Influence of Reverse Electrolysis on Lacquer Adhesivity of Tin Free Steel [Technical Paper] .....	<i>H. Ogata, K. Hamahara, H. Kobayashi, T. Ichida and T. Irie</i> ...	1181
Adhesion of Biaxially Oriented Polyethylene Telephthalate Film to Tin Free Steel [Technical Paper] .....	<i>A. Tanaka, T. Hanafusa, H. Kojyo and T. Inui</i> ...	1189
<b>Heavy Duty Coated Steel</b>		
Effect of Carbide Coatings by Salt Bath Immersion on Toughness of Steels [Technical Paper] .....	<i>T. Arai, Y. Ohta and N. Komatsu</i> ...	1198
Effects of UV Curable Resin on the Performance of Rust Preventing Coatings for Steel Tubes [Technical Paper] .....	<i>T. Arai, K. Yoshioka and K. Nishikawa</i> ...	1206
Thermal Characteristics and Long Term Durability of Polyolefine resin for External Coating of Steel Line Pipes [Technical Report] .....	<i>T. Arai and M. Ohkita</i> ...	1212
<b>Continuous Hotdip and Electrolytic Plating Line in Japan</b> .....	<i>T. Hara</i> ...	1221
Columns.....	909, 910, 984, 1037, 1059, 1133, 1134, 1197, 1220, Notice to Members.....	N111
The Editor's Postscript .....	1230, Proceedings to the Institute.....	N129
